

INTERNSHIP OFFER LETTER

01-Jun-2026

Dear Yukthi Sree K K,

We are excited to offer you the position of **Intern - Data Science and Analytics with AI** at **Pydun Technology Private Limited** for a period of **2 Week** starting from **1st June 2026**. During this time, you will explore foundational AI concepts and gain practical experience by working on data analysis, visualization and AI-powered insights.

Throughout this internship, you will receive guidance from our team of experts, who are dedicated to supporting your growth and development. We are confident that this experience will build a strong base in Data Science, Analytics, and AI for your future career.

This confirmation is issued with the understanding that you will abide by all organizational rules, maintain confidentiality, and conduct yourself with professionalism and integrity throughout the internship period.

We are pleased to provide this opportunity and look forward to supporting your academic and professional growth during his tenure with us.

Best regards,

BALAMURUGAN KARUPPUSAMY

Director
